CATCH The SPIRIT

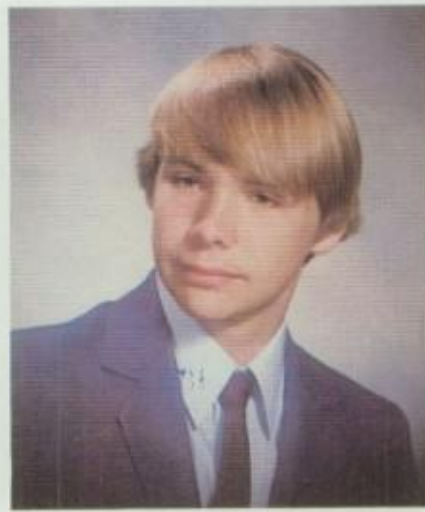

A large graphic of a pyramid composed of the word 'SENIORS' repeated many times, set against a dark background with white speckles. The pyramid is formed by multiple rows of the word 'SENIORS' in a bold, sans-serif font. The words are arranged in a way that they appear to be receding into the distance, creating a strong sense of perspective. The background is dark with numerous small white dots, resembling a starry night sky or a textured surface. The overall composition is symmetrical and visually striking.

HIGH SCHOOL OFFICE

Mr. Raymond Cenni - Principal
Mr. Robert MacFarland - Assistant
Principal

Members of the Class of 1986
Now that you have met the criteria
set by the State of New York
indicating you have completed your
high school education, you may feel
that your education is complete.
One thought I would like you to
remember is that in today's society
you must be willing to grow
intellectually throughout your life. As
John Dewey said, "Education is not
only a preparation for life; Education
is life itself."

I hope your years at Pioneer have
given you a broad frame of reference
for making the decisions you will
have to make in your life.
My best wishes are with all of you
in everything you try and do.

Sincerely,
Mr. Cenni

To borrow from Dickens, "It was the
best of times, it was the worst of
times . . ."

Although, to some, high school will
always be regarded as "the worst of
times", most people eventually
realize that these years were "the
best of times".

The key to the whole situation, I
believe, is to *live* your high school
years as "the best of times". Learn to
have fun within the restrictions of the
environment. Learn to take
advantage of the opportunities given
you. Get all you can get while you
are here. Life will be more pleasant
and, in the long run, you'll be much
better prepared to face life after
school.

The best of luck to all.

THE MARCHING PANTHERS

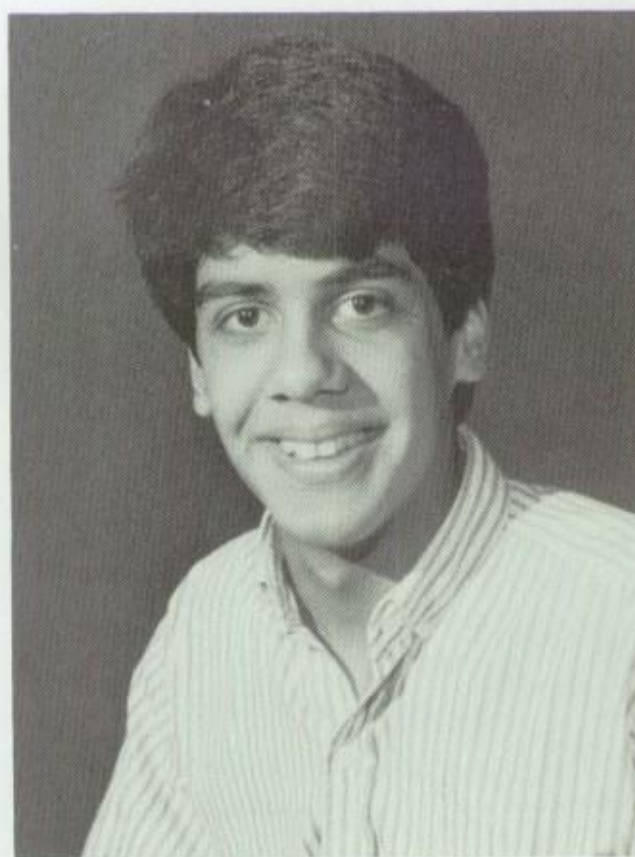

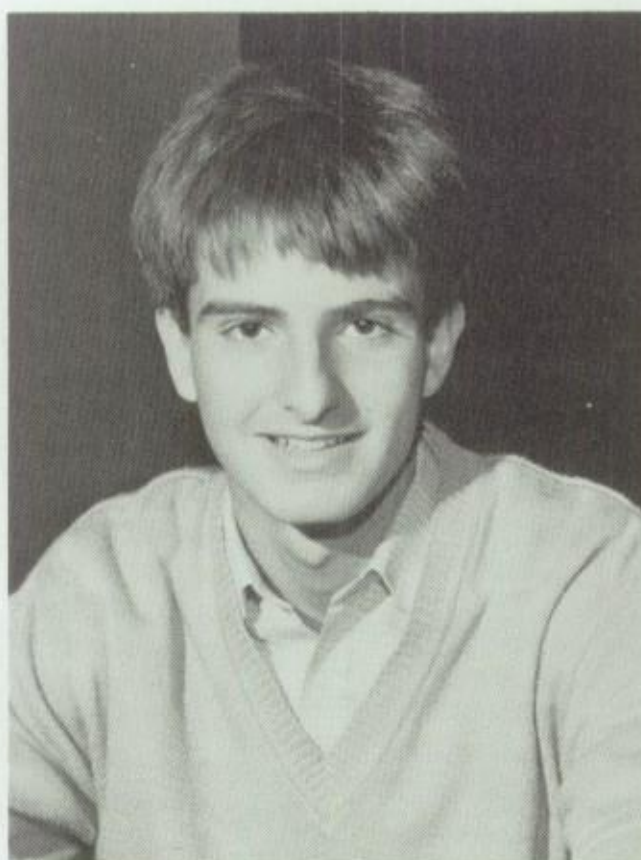

FOREIGN

Hello, My name is Lorenzo Pareja. I am 18. I come from Madrid, the capital of Spain. First of all I must thank my host family, the Bolsters, and Pioneer C.H.S., both helped me a lot. A year ago when I decided to spend my senior year in America, I expected to learn English, to understand a different culture, and to have a little bit of adventure in the most famous country in the world. Well, I think I got most of it! I found things that I will remember forever: the American way of living, the kindness of the people, lenient teachers, snow (!) . . . I am now convinced of how interesting it is to be an exchange student, and I recommend you to do the same. We will welcome you in Spain! Adios, amigos.

During the summer of '85 I traveled to Mexico through the International Fellowship exchange program. I stayed with Jesus Barenque and his family who live in Cuernavaca. My family spoke Spanish and only my brother could speak a little English. I traveled to Mexico City, Guadalajara, and Acapulco. I miss being there very much, but I hope to go back and see all my friends again. My trip was very challenging but definitely worthwhile.

Hi!!! My name is Hector Enriquez. I'm from Mexico City and I'm very glad to have been in the U.S.A. I would like to thank everybody for being so nice to me and trying to understand what I'm saying. I had a lot of fun in Pioneer and I think everybody is great. I would like to come back someday.

Hello. My name is Pedro Hernández. I'm 17 and I live in Santander, Spain. I would like to say thank you to my host family, to Pioneer High School, to the faculty and the students for making this year possible and for the help they gave me. This year has been really enjoyable and it will be profitable for the rest of my life. It has been a new experience that I'll never forget. Besides, it has been so different. It never snows where I live. The school is completely different, it's harder, you really can hate the teachers. I prefer the American educational system. In my school in Spain you can do whatever you want, but if you go the wrong way the day you get report cards is really an unhappy day. The food, the way of life, the daily schedule, everything was so different in the beginning. But for me, the first weeks were the best. I met really good friends that I'll never forget. And I had a reception which couldn't be better. I expect to come again and everyone who would like to go to Spain will be welcome. Hasta la próxima.

EXCHANGE

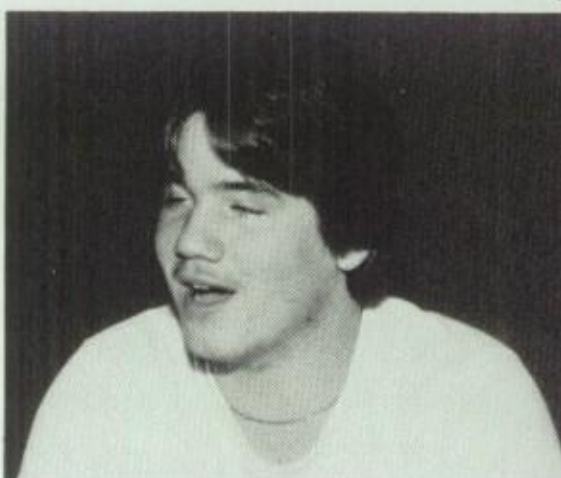

Hello. My name is Andrés Prado. I live in La Coruña Spain. A year ago my parents asked me if I wanted to come to America to spend the whole year. I thought it would be a great experience, not only to learn the language but also to understand the different culture. When I came here everything was strange for me but people have made my adjustment to the U.S. very easy. I'd like to thank them all, the high school and my host family, the Kaiser's, who have helped me so much. About high schools, the biggest difference I've found was the importance given to sports, something we don't have in Spain. I'll never forget this year in my life. I think it's been a very fun year.

I like Pioneer very much, the people are very friendly. I am from the northeast of Brazil. One thing that is very different here for me is the weather because in my city in Brazil the sun is hot and shining all the time. But I am liking that because I am doing a lot of different things that I never had a chance to do before such as riding snowmobiles, sledding, and ice skating. My favorite subject is chorus. I love to sing!

Hi! My name is Laila Kvilhaug, and I am a foreign exchange student here at Pioneer this year. I am 18 years old and I come from an island called Karmoy in Norway. I am staying with the Schade family during my year here in the U.S. School here is different from what I am used to, but I really enjoy it here. We only have to go to school for nine years in Norway so I am done with school there. I enjoy my stay here and I hope to come back to Arcade and visit sometime.

Hi. I'm Kumi. I live in Maebashi which is about 90 minutes from Tokyo by train. I like it here but I'm pretty sick of this cold weather. I was in private school before. Japanese schools are very strict, just like jail. I was in Indiana last year as an exchange student. I'm in Orchestra at Pioneer. I love drawing and playing some instruments. I'm not staying here just to learn the language. I wanted to make many friends to understand each of our different cultures, lives and many others. I hope people will understand a little bit more about foreign countries by having some conversation with me. Daumo Arigatou!

YEARBOOK STAFF

The 1986 Yearbook Staff was rather small this year! In spite of our size we've completed the *best* yearbook ever.

We'd like to thank Miss Zollinger and Dave Riley from Jostens for all their help. Thanks to Mr. Mangino for all his help with pictures. Also, thanks to Tracy Hackett for the Senior Personality cartoons. I'd like to say sorry to Miss Zollinger about the endsheets! Good luck to Tami and Cris and whoever else *dares* to join the staff.
